Due to the distances travelled including competitive stages, some entrants have expressed concerns for their ability to make it back into Service due to their fuel usage. Therefore the organizers have provided 3 remote refuel only locations. These can be used at the competitors' discretion; however no additional time will be allocated within the running schedule for these stops. They are purely for refueling purposes only, NOT general servicing. Any crews found to be completing any work on their vehicles other than refueling i.e. fitting new tyres or completing mechanical work, may face a time penalty of 30mins added onto their total time at the directors' discretion. A penalty may be applied, at the Directors discretion for anyone found refueling or servicing outside of these 2 designated Refueling Zones. Due to the limited space available at the Refuel Zones, NO Trailers are allowed.
