

Kumho Tyre Changing Competition

Entrants

- Competing crews will be selected by ballot at the Competitors Briefing at 1000hrs Saturday, July 30. All entries to the rally will be included in the ballot.
- Only 8 crews in total will be selected to compete.
- A team will consist of the entered driver, navigator and their rally car.

Structure

- 2 heats of 4 teams, with the 2 fastest team's of each heat going into a final to determine the competition winner. Prizes awarded for 1st and 2nd outright positions.
- Crews will line up at the event start line. An official will count down and signal to start. At the signal, crews will get out of the car and using the spare tyre from inside the car and the on-board equipment change any one of the cars tyres.
- Once the tyre change has been completed and the "replaced" tyre and the equipment have been securely stowed within the vehicle, the crew must then get back into the vehicle. The task will be completed once the doors are closed with the crew inside the car.

Rules

- Runs will not be timed. It will be line of sight and interpretation of the official(s).
- Before competition commences, competitors must be in the vehicle (in their seats) with; spare wheel, jack (or equivalent), wheel brace (or equivalent), securely fastened. This will be checked by the official, prior to the start.
- Competitors must begin the competition sitting in their competition seats, with the doors closed.
- Competitors can change any tyre.
- Crews will only be deemed to have completed the challenge once the following has occurred;
 - The spare wheel from inside the car has been securely fitted to the outside of the car
 - Wheel from outside the car has been fitted securely back into the cabin or boot
 - Jack (or equivalent), has been fitted securely
 - Wheel brace (or equivalent), has been fitted securely
 - Car doors have been closed, with both crew members in their seats.
- The engine must not be running at any time.
- Jack type is completely free.
- Wheel nut fixing device is completely free.
- Wheel/tyre size & type is free, however they must be a rally tyre.
- No outside assistance is allowed including personnel, tools, materials, etc.
- Cars and crew are to be presented in a clean manner.
- **Ingenuity, creativity & originality is encouraged!**
